ELECTORAL PROGRAMME 2015 PROGRESS

## CITIZEN PARTICIPATION

- ▶ **Participatory democracy** at all possible levels in municipal management and with the local Mijas society. **Authentic citizen participation in the management of the municipality.**

## URBAN, NATURAL AND MARINE ENVIRONMENT

- ▶ Enhance environmental council, strong and decisive.  
Boost **Local Environment Council**, leaning on a parallel environmental audit.
- ▶ By the declaration of **Sierra de Mijas-Alpujata as National Park.**
- ▶ Defend the coast of opportunistic attacks: **"Against oil exploration on the Costa del Sol"** and **"Against the construction of the Marina"**.
- ▶ A firm commitment to **public management of water** as source of life, treatment and reuse for other purposes.
- ▶ **Create a network of efficient and sufficient transports**, serving the entire municipality through the "Local Transport Service", including urbanizations and disseminated areas.

## TOWN PLANNING

- ▶ Working together with other institutions to solve, within the law, irregular buildings.
- ▶ Constitute a **"Local Board of Aesthetics"**, that combines Andalusian culture and architecture in the constructions around the municipality.

## COUNTRYSIDE

- ▶ Restructure the **urban social gardens**, for an authentic social order.

## ECONOMY AND SOCIAL ECONOMY

- ▶ Create the **"Local council of economy, trade and labour"**.
- ▶ **External and internal audit**, in order to meet the objective economic reality of the Town Hall.
- ▶ Review of contracts in external services from the Town Hall.
- ▶ **Achieve transparency in contracts**, with priority for Mijas companies.
- ▶ **Subsidize projects to provide employment and social profitability**, beneficial for the Mijas population. Seeking formulas for the "public banking" with an ethical sense.
- ▶ Design an "emergency housing plan". Agreements with entities claiming vacant properties, for inclusion in plans for social rent, being, otherwise, increased on the IBI to the maximum provided by law. **Municipal mediation to prevent evictions.**

## TRADE AND CONSUMPTION

- ▶ **Prioritizing small neighborhood businesses** and proximity trade networks.
- ▶ Regular use of Castilian in the commercial information put to the public.
- ▶ **Reduce waste, energy and water consumption.**

## WORK

- ▶ Elaborate a **census of unemployed people, creating a "bag of external work" to offer to companies**, with municipal tax incentives, and other assistance, as well as solutions than can legally be agreed.
- ▶ Liaise with "cajas" and private banks, as well as with "Ethics bank" and credit unions, to insure that any innovative and sustainable projects from Mijas, is left without support.
- ▶ Fostering **new jobs generating activities**, by way of creativity, innovation and culture on parameters of social, economic and environmental sustainability.

## TOURISM

- ▶ **Enhance the tourism department** with more resources (street guide updated...) and human resources well distributed throughout the village, to inform visitors of the cultural and historic environment of the municipality, whose impartial information favours the equality of the companies of the sector.
- ▶ **Renew sun and beach tourism** (La Cala, Riviera del Sol, Calahonda...) based on a quality plan to prevent the area from becoming a dormitory for other tourist destinations in the region.

## HEALTH

- ▶ Require **more material and human resources for emergencies, pediatrics, gynecology, childbirth preparation and family planning.**
- ▶ Require the Junta to build and equip the Mijas district Hospital now!.

## EDUCATION

- ▶ Based on participation, freedom, equality, secularism and ecology.
- ▶ Have **sufficient nurseries**, free for girls and boys, whose schedule is adapted to family labour needs.
- ▶ Having all the **schools in the municipality in optimal conditions** for the welfare of Mijas children and youths.

## SOCIAL SERVICES

- ▶ **Improving** measures of **assistance to families** in distress.
- ▶ Collaborate and encourage the creation of **intergenerational centers in dependency care (day centers)**, for the elderly and for people with disabilities.
- ▶ Initiate procedures at the relevant organisms, for the construction of a **public residence for seniors** with modules for Alzheimer.
- ▶ Tackle the problems of gender violence, sexual harassment, workplace discrimination and economic inequality. **Create centers for women.**

## CULTURE

- ▶ **Recover**, empower and adapt the **"popular university"** to new times, extending hours, even open during school holidays.
- ▶ **Found "Art School", with means for local artistic expressions** (recording studio, publishing, workshops...) and a permanent file to support and disseminate art and local artists.
- ▶ **Protect**, recover and socialize the historical and archaeological **heritage of Mijas.**
